Attendance

- WE WANT YOU HERE!!!
- You are missing valuable learning activities
- You will have to take additional free time to get caught up in your classes
- You are missing opportunities to be involved at school

Tardies and Truancies

If you are not through the threshold of the classroom door when the bell rings, you are considered tardy.

- Your teacher may have a different definition of tardy, such as being in your seat when the bell rings.
- If you accumulate too many tardies, you will be called to see the Dean and may possibly receive consequences.

If you are more than five minutes late to class without a pass or your absence is unexcused, you are considered truant.

- Truancy means you are technically absent to class
- You may lose credit for the days activities
- A call home will be made

Tardies and absences could result in consequences such as:

- Loss of privileges
- A personalized travel plan in the building
- Lunch Detention
- Loss of off campus privileges (upperclassmen)

- As much info as possible
- Your name will help an admin get ahold of you faster

SEE SOMETHING, SAY SOMETHING!!!

Conant High School Safety Concern

Safety Concern Center for Conant High School

If you or someone you know has experienced harassment, bullying, discrimination, sexual harassment, dating violence, or any other prohibited conduct, school staff will help. Although we encourage reports to be made to an administrator, student services personnel, police consultant, or a trusted adult, students may instead submit a Safety Concern Report.

These reports can be anonymous; however, sometimes our staff is able to respond, assist, and in some instances intervene quicker when the reporter shares their identity. We encourage reporters to include their name and/or contact information. Every effort will be made to protect the identity of the individual making the report if not submitted anonymously.

The Safety Concern Report also should be used to report any concerning matters of school, individual, or public safety. Any reports of concerns for safety should include as many specific details as possible. All reports that are submitted are immediately routed to administrators; however, if you are experiencing an emergency or need immediate assistance, please call 911.
