# Words in Context

---

## Students need to:

- ▶ Interpret meaning based on context
- ▶ Master relevant vocabulary
- ▶ Engage in close reading

# Redesigned SAT® Sample Item: Relevant Words in Context (Reading Test)

---

[ . . . ] The coming decades will likely see more **intense** clustering of jobs, innovation, and productivity in a smaller number of bigger cities and city-regions. Some regions could end up bloated beyond the capacity of their infrastructure, while others struggle, their promise stymied by inadequate human or other resources.

Adapted from Richard Florida, *The Great Reset*.  
©2010 by Richard Florida.

---

As used in line 55, “intense” most nearly means

- A) emotional.
- B) concentrated.
- C) brilliant.
- D) determined.

# Redesigned SAT® Sample Item: Relevant Words in Context

---

*From the Writing and Language Test*

---

[. . .] The transportation planner’s job might involve conducting a traffic count to determine the daily number of vehicles traveling on the road to the new factory. If analysis of the traffic count indicates that there is more traffic than the **3** current road as it is designed at this time can efficiently accommodate, the transportation planner might recommend widening the road to add another lane. [. . .]

3. A) NO CHANGE  
B) current design of the road right now  
C) road as it is now currently designed  
D) current design of the road

# Command of Evidence

---

## Students are asked to:

- ▶ Interpret, synthesize, and use evidence found in a wide range of sources
- ▶ Support the answers they choose
- ▶ Integrate information conveyed through both reading passages and informational graphics

# Redesigned SAT<sup>®</sup> Sample Item: Command of Evidence (Reading Test)

---

Which choice provides the best evidence for the answer to the previous question?

A) Lines 13-17 (“It . . . office”)

*It is wrong, I suggest, it is a misreading of the Constitution for any member here to assert that for a member to vote for an article of impeachment means that that member must be convinced that the President should be removed from office.*

B) Lines 20-24 (“The division . . . astute”)

*The division between the two branches of the legislature, the House and the Senate, assigning to the one the right to accuse and to the other the right to judge—the framers of this Constitution were very astute.*

C) Lines 54-57 (“The drawing . . . misdemeanors”)

*The drawing of political lines goes to the motivation behind impeachment; but impeachment must proceed within the confines of the constitutional term “high crime[s] and misdemeanors.”*

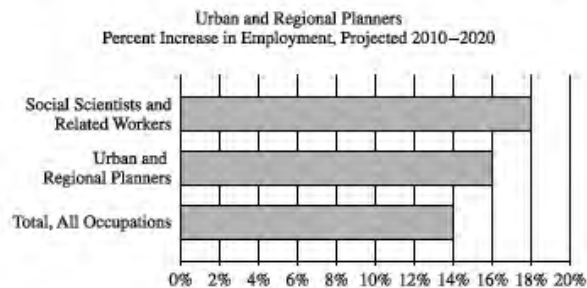

D) Lines 64-67 (“Congress . . . transportation”)

*Congress has a lot to do: appropriations, tax reform, health insurance, campaign finance reform, housing, environmental protection, energy sufficiency, mass transportation.*

# Redesigned SAT® Sample Item: Command of Evidence

## *From the Writing and Language Test*

[...] Transportation planners perform critical work within the broader field of urban and regional planning. As of 2010, there were approximately 40,300 urban and regional planners employed in the United States. The United States Bureau of Labor Statistics forecasts steady job growth in this field, projecting that 16 percent of new jobs in all occupations will be related to urban and regional planning. Population growth and concerns about environmental sustainability are expected to spur the need for transportation planning professionals.

Adapted from United States Bureau of Labor Statistics, Employment Projections Program. "All occupations" includes all occupations in the United States economy.

Which choice completes the sentence with accurate data based on the above graph?

- A) NO CHANGE
- B) warning, however, that job growth in urban and regional planning will slow to 14 percent by 2020.
- C) predicting that employment of urban and regional planners will increase 16 percent between 2010 and 2020.
- D) indicating that 14 to 18 percent of urban and regional planning positions will remain unfilled.

# Essay Analyzing a Source

---

## The redesigned essay:

- ▶ More closely mirrors college writing assignments
- ▶ Cultivates close reading, careful analysis, and clear writing
- ▶ Promotes the practice of reading a wide variety of arguments and analyzing an author's work

# Redesigned SAT<sup>®</sup> Essay Prompt

---

1

As you read the passage below, consider how Dana Gioia uses

- evidence, such as facts or examples, to support claims.
  - reasoning to develop ideas and to connect claims and evidence.
  - stylistic or persuasive elements, such as word choice or appeals to emotion, to add power to the ideas expressed.
- 

2

[Sample Passage here]

(In this example, passage is adapted from “Why Literature Matters” by Dana Gioia. ©2005 by The New York Times Company. Originally published April 10, 2005.)

3

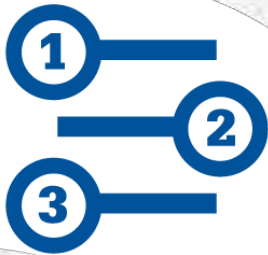

Write an essay in which you explain how Dana Gioia builds an argument to persuade his audience that the decline of reading in America will have a negative effect on society. In your essay, analyze how Gioia uses one or more of the features listed in the box above (or features of your own choice) to strengthen the logic and persuasiveness of his argument. Be sure that your analysis focuses on the most relevant features of the passage.

Your essay should not explain whether you agree with Gioia’s claims, but rather explain how Gioia builds an argument to persuade his audience.

# Math That Matters Most

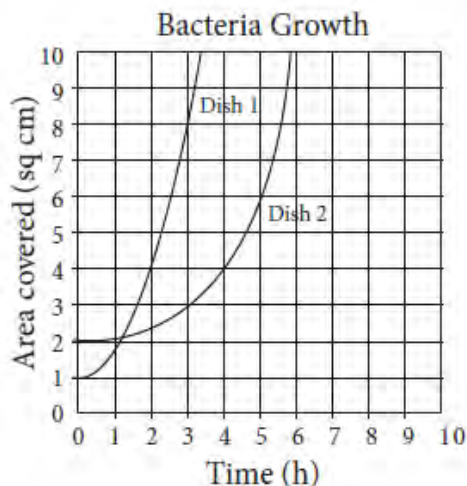

---

**Current research shows that three key areas most contribute to readiness for college and career training:**

- ▶ Problem Solving and Data Analysis (quantitative literacy)
- ▶ Heart of Algebra (mastery of linear equations)
- ▶ Passport to Advanced Math (familiarity with more complex equations)

# Redesigned SAT<sup>®</sup> Sample Item: Math

A researcher places two colonies of bacteria into two petri dishes that each have area 10 square centimeters. After the initial placement of the bacteria ( $t = 0$ ), the researcher measures and records the area covered by the bacteria in each dish every ten minutes. The data for each dish were fit by a smooth curve, as shown above, where each curve represents the area of a dish covered by bacteria as a function of time, in hours. Which of the following is a correct statement about the data above?

- A) At time  $t = 0$ , both dishes are 100% covered by bacteria.
- B) At time  $t = 0$ , bacteria covers 10% of Dish 1 and 20% of Dish 2.
- C) At time  $t = 0$ , Dish 2 is covered with 50% more bacteria than Dish 1.
- D) For the first hour, the area covered in Dish 2 is increasing at a higher average rate than the area covered in Dish 1.

# Problems Grounded in Real-World Context

---

**Students are asked to engage with questions that:**

- ▶ Directly relate to the work performed in college and career
- ▶ Include charts, graphs, and passages likely to be encountered in science, social science, and other majors and careers
- ▶ Feature multistep applications to solve problems in science, social science, career scenarios, and other real-life contexts

# Analysis in Science and in History/Social Studies

---

Students apply their reading, writing, language, and math skills to answer questions in science, history, and social studies contexts.

# U.S. Founding Documents and the Great Global Conversation

---

**The redesigned SAT includes one of the following:**

- ▶ An excerpt from one of the Foundation Documents
- ▶ A text from the ongoing Great Global Conversation about freedom, justice, and human dignity

No prior knowledge of the text is required.

# No Penalty for Guessing

---

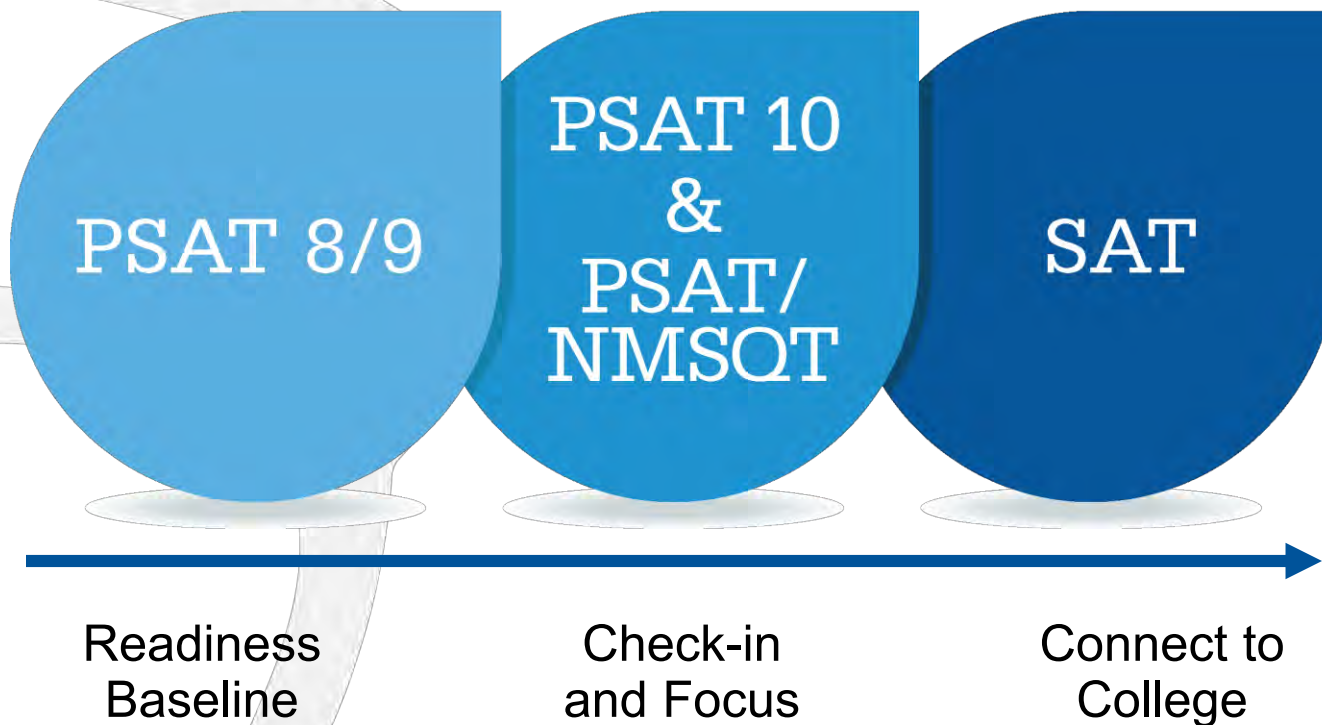

- ▶ One point for each correct answer

31	1430	24	1180	17	910		
30	1400	23	1140	16	870		

For lower score points, there is not enough data to produce a valid concordance between the new SAT and ACT.

## ACT English/Writing to New SAT Writing and Language Concordance Table

**Table 16**

ACT English/Writing Score	New SAT Writing and Language (10-40)	ACT English/Writing Score	New SAT Writing and Language (10-40)	ACT English/Writing Score	New SAT Writing and Language (10-40)	ACT English/Writing Score	New SAT Writing and Language (10-40)

31	36	24	31	17	24		
30	36	23	30	16	23		

Because of changes to the ACT writing test introduced in 2015, the concordance score for the ACT Combined English/Writing is only applicable if you took the ACT prior to September 2015.

For lower score points, there is not enough data to produce a valid concordance between the new SAT and ACT.
